CR ENGL-041-T001	CR ENGL 041: Ninth-Grade English, Part 1	Credit Recovery	Choose One Novel from this List: https://drive.google.com/file/d/114JN9GjROUljFrWfvKEgzN_j2gmdnnJG/view?usp=sharing	On Reading Level	Buzz	0.5	\$100	In this course, students will learn effective strategies for reading fiction, nonfiction, and poetry; students will also explore and implement elements of effective writing. Writing assignments include a learning journal, a photo essay, a personal narrative, and a process paper. Students will learn new vocabulary and review grammatical concepts. This is the first course in a two-part Ninth-Grade English series (ENGL 041 and ENGL 043). This course also encompasses Common Core content.	Core	English
CR ENGL-043-T001	CR ENGL 043: Ninth-Grade English, Part 2	Credit Recovery	Enchantress from the Stars by Sylvia Louise Engdahl	On Reading Level	Buzz	0.5	\$100	This course incorporates reading, writing, speaking strategies, vocabulary, Internet research skills, essay and speech writing, and reading texts from various genres; students will also have the opportunity to use instructional multimedia and video interviews. This is the second course in a two-part Ninth-Grade English series (ENGL 041 and ENGL 043). This course also encompasses Common Core content.	Core	English
CR ENGL-045-T001	CR ENGL 045: Tenth-Grade English, Part 1	Credit Recovery	-Online Dictionary -Harper Lee's To Kill a Mockingbird -To Kill a Mockingbird, the 1962 black and white movie, directed by Robert Mulligan and starring Gregory Peck	On Reading Level	Buzz	0.5	\$100	Students will develop new perspectives through interpreting literature, expanding vocabulary, and writing creatively; students will also enhance their writing skills by examining point of view, character development, figurative language, and audience. This course is highly interactive and includes a live course orientation, weekly webinars with the course instructor, and reviews with the course TA. This is the first course in a two-part Tenth-Grade English series (ENGL 045 and ENGL 047). This course also encompasses Common Core content.	Core	English
CR ENGL-047-T001	CR ENGL 047: Tenth-Grade English, Part 2	Credit Recovery	Shaara, Michael. The Killer Angels. Modern Library. 2004. (ISBN # 0679643249). Shakespeare, William. The Merchant of Venice. Dover Publications. 1995. (Dover/Thrift Editions/ISBN # 0486284921	On Reading Level	Buzz	0.5	\$100	This course offers a myriad of reading and writing activities that are designed to strengthen students' background knowledge in the genres of poetry, short story, myth, nonfiction, and novel. This is the second course in a two-part, Tenth-Grade English series (ENGL 045 and ENGL 047). This course also encompasses Common Core content.	Core	English
CR ENGL-051-T001	CR ENGL 051: Eleventh-Grade English, Part 1	Credit Recovery	The Crucible, Arthur Miller, ISBN 9780140481389 To Kill a Mockingbird, Harper Lee (Any version will be fine.)	On Reading Level	Buzz	0.5	\$100	This is a rigorous eleventh-grade English course in which students will study American literature. They will be studying selections from <i>The Crucible</i>, reading the novel <i>To Kill a Mockingbird</i>, writing a research book report, and completing writing assignments that contrast historical and fictitious events described in literature. Students will also be studying Latin and Greek terms, developing their vocabulary, and enhancing their writing skills. This is the first course in a two-part Eleventh-Grade English series (ENGL 051 and ENGL 053). This course also encompasses Common Core content.	Core	English
CR ENGL-053-T001	CR ENGL 053: Eleventh-Grade English, Part 2	Credit Recovery	-Play: Our Town by Thornton Wilder (ISBN# 0060512636), Death of a Salesman by Arthur Miller (ISBN 9780141180977) -Play: Lost in Yonkers by Neil Simon (ISBN 9780452268838) -Movies: Death of a Salesman, with Dustin Hoffman, and Lost in Yonkers, with Mercedes Ruehl and Richard Dreyfuss.	On Reading Level	Buzz	0.5	\$100	This English course is a continuation of Eleventh-Grade English, Part 1 and contains a reading emphasis on literary, functional, and informational selections. A research report with an outline, works cited, and in-text documentation will be required. This course also includes analyses, original stories, and poems. Students will develop their writing style to improve effectiveness, clarity, and variety. This is the second course in a two-part Eleventh-Grade English series (ENGL 051 and ENGL 053). This course also encompasses Common Core content.	Core	English
CR ENGL-055-T001	CR ENGL 055: Twelfth-Grade English, Part 1	Credit Recovery	Man's Search for Meaning by Victor Frankl The Great Divorce by C.S. Lewis Outliers by Malcolm Gladwell The Merchant of Venice by William Shakespeare A book of your choice	On Reading Level	Buzz	0.5	\$100	Students will develop a basic understanding of poetry as they analyze and isolate figures of speech, enhance their writing skills as several different rhetorical modes are practiced, and enlarge their vocabulary while becoming more proficient at punctuation. This is the first course in a two-part Twelfth-Grade English series (ENGL 055 and ENGL 057). This course also encompasses the Common Core State Standards.	Core	English

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR ENGL-057-T001	CR ENGL 057: Twelfth-Grade English, Part 2	Credit Recovery	-Book: Blood Brothers by Elias Chacour -Book:The House on Mango Street by Sandra Cisneros -Book: A Raisin in the Sun by Lorraine Hansberry Movie: A Raisin in the Sun	On Reading Level	Buzz	0.5	\$100	Students will gain a basic understanding of rhetoric as they become more proficient in their writing, enlarge their vocabulary, and recognize how to skillfully approach poetry. Students will also learn to assess writing more effectively by using the Six Traits Analytical Model Writing Assessment. This is the second course in a two-part Twelfth-Grade English series (ENGL 055 and ENGL 057). This course also encompasses the Common Core State Standards.	Core	English
CR WRIT-043-S002	CR WRIT 043: Technical Writing	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is designed to help students write to convey information clearly, concisely, and accurately; to experience comprehensive editing and copyediting; and to write instructions and memos. This course will also help students improve their writing style.	Core	English
CR WRIT-045-S002	CR WRIT 045: Creative Writing	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course guides students in writing fiction by learning and using the elements of creative writing: plot, character development, dialogue, description, scene, transition, and point of view. Two short stories are required.	Core	English
CR WRIT-047-S002	CR WRIT 047: Writing Poetry	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is designed to improve and enhance students' own poetic skills by teaching them how poets use the language devices of sound, sensory images, figurative expressions, and musical rhythms to share their insights through word-art. Throughout the course, students will experiment with traditional formats and with many free-verse styles of poetry.	Core	English
CR WRIT-049-S002	CR WRIT 049: Journalism	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn the fundamentals of modern journalism: reporting, interviewing, writing techniques, censorship issues, page design, and broadcast journalism. A portfolio folder is required. 1. What Exactly Is News? 2. Who Is in the News? 3. Where Do I Start? 4. When It All Flows Together 5. How the Stories are Different 6. Why Do I Have to Paste Up the Dummy? 7. Broadcast Journalism 8. Where Do We Go from Here?	Core	English
CR Career Planning	CR Career Planning	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	0.5	\$100	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. Career Planning is a comprehensive course that covers: career exploration, self assessment, decision making, major industries, opportunities in your community, job training, communication skills, life outside work, and developing an action plan and goals. Quizzes and tests are available on-line (graded immediately) or upon request they may be sent out in a packet to a parent or a local instructor and mailed in. Study guides and lesson summaries are also available in packet form or on-line. The comprehensive check list above lists all items to be completed for the course. You may use it to keep track of where you are in the course.	Elective	English
CR Life Skills English	CR Life Skills English	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	0.5	\$100	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. Life Skills English is a comprehensive course that covers the following: Looking up information; Using Dictionaries; Other Sources of Information; Using the Telephone; Using a Library; Finding Information from Media; Finding Expert Help; Filling out Forms and Shopping by Catalog and Internet.	Core	English
CR Basic English	CR Basic English	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. Basic English is a comprehensive course that covers the full range of 16 English topics: sentences; nouns in sentences; pronouns in sentences; adjectives in sentences; action verbs in sentences; using state-of-being verbs in sentences; using adverbs in sentences; using prepositional phrases in sentences; using conjunctions and interjections; recognizing sentence patterns; identifying verbals and verb phrases; writing compound and complex sentences; repairing sentence problems; understanding paragraph basics; writing better paragraphs; preparing to write a report.	Core	English
CR Exploring Literature	CR Exploring Literature	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. Exploring Literature is a comprehensive course that covers Genres and writing styles by reading fables, myths, tall tales and legends, short stories, nonfiction, poetry, and drama.)	Core	English

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR American Literature	CR American Literature	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. American Literature is a comprehensive course that covers Genres and writing styles by through writings about: Forging America's Literary Tradition: 1620-1849; The Inspiration of New England: 1837-1860; Local Color in America: 1849-1889; the Harvest of Realism and Naturalism: 1890-1908; American Literature Comes of Age: 1905-1940; Moving Into Modern Times: 1940-1970; and Contemporary American Literature: 1971-present. Quizzes and tests are available on-line (graded immediately).	Core	English
CR British Literature	CR British Literature	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. British Literature is developed with the hope that all students, especially those who read significantly below grade level, will understand and appreciate literature of that region from Anglo-Saxon times to the present. The course covers genres and writing styles through writings about: The Anglo-Saxon Period and Middle Ages: 449-1485, The English Renaissance: 1485-1660, The Restoration and the 18th Century: 1660-1798, The Romantic Period: 1798-1832, The Victorian Age: 1832-1901, Contemporary British Literature: 1901-Present, and Writings from the British Dominions. Quizzes and tests are available on-line (graded immediately).	Core	English
CR SPAN-041-T002	CR SPAN 041: First-Year Spanish, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This introductory Spanish course focuses on the Latin culture%Ūthe Latin world in general as well as the culture of Spain%Ūand is structured to help students begin conversing almost immediately in Spanish. Students will practice pronunciation, patterns, basic grammar, reading, and writing about familiar topics. Conversation practice and weekly Today%Ūs Specials (grammar, culture and vocabulary lessons) happen in the Conversation Caf© where students will interact with other students and course TAs. This Spanish course includes many interactive activities and live one-on-one speaking appointments. This is the first course in a six-part Spanish series (SPAN 041, SPAN 043, SPAN 051, SPAN 053, SPAN 061, and SPAN 063).	Core	Foreign Language
CR SPAN-043-T002	CR SPAN 043: First-Year Spanish, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This Spanish course is a continuation of First-Year Spanish, Part 1 and introduces the Spanish language and culture (focusing on Peru, Bolivia, and Paraguay). It is structured to help students practice speaking using the vocabulary, grammar, and cultural information that they learn. Conversation practice and weekly Today%Ūs Specials (grammar, culture and vocabulary lessons) happen in the Conversation Caf© where students will interact with other students and course TAs. This Spanish course includes many interactive activities and live one-on-one speaking appointments. This is the second course in a six-part Spanish series (SPAN 041, SPAN 043, SPAN 051, SPAN 053, SPAN 061, and SPAN 063).	Core	Foreign Language
CR HLTH-031-S002	CR HLTH 031: Health Education	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course educates students about healthy choices and teaches them how to put those choices into practice in their daily lives.	Core	Health
CR HLTH-041-S004	CR HLTH 041: Health Education, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course covers developing a healthy self, substance-abuse prevention, human development, relationships, disease prevention, HIV/AIDS education, CPR and safety, consumer health, injury/violence prevention, nutrition, fitness, and community health.	Core	Health
CR HLTH-042-S002	CR HLTH 042: Health Education, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course covers developing healthy sun exposure habits, acquiring knowledge and skills to practice healthy habits that prevent and/or control disease, learning positive tactics to avoid drug use, and learning healthy eating strategies. This is the second course in a two-part Health Education series (HLTH 041 and HLTH 042) for students needing a full year of health education credit.	Core	Health

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR Health	CR Health	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Health is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Health credit. Topics covered include:.Personal Health and Family Life; Mental and Emotional Health; Nutrition; Use and Misuse of Substances; Preventing and Controlling Diseases and Disorders; Injury Prevention and Safety Promotion; Health and Society. Assignments focus on learning the content, demonstrating comprehension, and using the information to answer investigation questions.	Core	Health
CR ALG-041-S002	CR ALG 041: Pre-Algebra, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn how to work with fundamental mathematical functions with integers, fractions, and decimals; use the order of operations to evaluate variable expressions; solve variable equations using transformations; translate word sentences into mathematical equations; and solve world problems. This is the first course in a two-part Pre-Algebra series (ALG 041 and ALG 043).	Core	Math
CR ALG-043-S002	CR ALG 043: Pre-Algebra, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course includes using ratios, rates, and proportions to solve problems; changing fractions, percents, and decimals; and solving problems involving percentages such as discounts, markups, commissions, profit, simple and compound interest, etc. This is the second course in a two-part Pre-Algebra series (ALG 041 and ALG 043).	Core	Math
CR ALG-051-S003	CR ALG 051: Algebra 1, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of the properties of sets of real numbers, linear equations, linear functions and inequalities; contains lessons that teach students how to solve problems using algebra, geometry, radical expressions, and equations; and covers graphing, algebraic equations, and systems of equations and inequalities. This is the first course in a two-part Algebra 1 series (ALG 051 and ALG 053).	Core	Math
CR ALG-053-S003	CR ALG 053: Algebra 1, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of linear relations and functions, systems of equations and inequalities, exponents and powers, rational functions, quadratic functions, polynomial functions other than quadratics, and sequences and series. This is the second course in a two-part Algebra 1 series (ALG 051 and ALG 053).	Core	Math
CR ALG-055-S003	CR ALG 055: Algebra 2, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of equations and inequalities, linear relations and functions, systems of equations and inequalities, matrices, polynomials, radical expressions, and quadratic equations. This is the first course in a two-part Algebra 2 series (ALG 055 and ALG 057). This course also encompasses the Common Core content.	Core	Math
CR ALG-057-S003	CR ALG 057: Algebra 2, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of conics, polynomial functions, rational functions, rational polynomial expressions, exponential and logarithmic functions, sequences and series, probability and statistics, and trigonometric functions. This is the second course in a two-part Algebra 2 series (ALG 055 and ALG 057). This course also encompasses Common Core content.	Core	Math
CR GEOM-041-S003	CR GEOM 041: Plane Geometry, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of segments and angles, mathematical reasoning, parallel lines, triangles, polygons, quadrilaterals, and similarity. This is the first course in a two-part Geometry series (GEOM 041 and GEOM 043). This course also encompasses Common Core content.	Core	Math
CR GEOM-043-S003	CR GEOM 043: Geometry, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of perimeter and area, right triangle trigonometry, properties of circles, calculations for circles, coordinate geometry, geometric solids, and probability and statistics. This is the second course in a two-part Geometry series (GEOM 041 and GEOM 043). This course also encompasses Common Core content.	Core	Math
CR MATH-047-200	CR MATH 047: Applied Math, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course includes learning to use mathematics to solve problems on the job; learning to use a calculator; estimating; measuring; using graphs, charts, and tables; and working with data, lines, and angles. This course features a math lab, where extra practice and instruction are given in an interactive lab setting. This is the first course in a two-part Applied Math series (MATH 047 and MATH 049).	Core	Math

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR MATH-049-200	CR MATH 049: Applied Math, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	Continuing from the concepts learned in Applied Math, Part 1 (MATH 047), this course covers mathematics applied to the real world; it includes two- and three-dimensional shapes, ratios and proportions, scale drawings, signed numbers and vectors, as well as scientific notations, powers, and roots. This course features a math lab, where extra practice and instruction are given in an interactive lab setting. This is the second course in a two-part Applied Math series (MATH 047 and MATH 049).	Core	Math
CR Algebra	CR Algebra (also known as Algebra 1)	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Algebra is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Algebra credit. Topics covered include: Arithmetic with Letters; Rules of Arithmetic; Linear Equations with One Variable; Applications of Algebra; Exponents and Polynomials; Factoring; Data, Statistics, and Probability; Fractions and Algebra; Linear Equations and Inequalities in the coordinate plane; Systems of Linear Equations; Irrational Numbers and Radical Expressions; Geometry Introduction; and Quadratic Equations.	Core	Math
CR Pre-Algebra	CR Pre-Algebra	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Pre-Algebra is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Pre-Algebra credit. Topics covered include: Algebra and Whole Numbers; Using Decimals; Number Theory; Rational Numbers; Basic Operations; Ratios, Proportions, and Percents; Integers; Exponents, Square Roots, and the Pythagorean Theorem; Equations from Geometry; Graphing; Geometry; Data, Statistics, and Probability.	Core	Math
CR Mathematics Pathways	CR Mathematics Pathways	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Math Pathways is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Math Pathways credit. Topics covered include: AKGrad is a comprehensive course that covers: Number Sense, Operations, Rational Expressions, Ratios, Proportions & Percents, Integers, Exponents, Equations, Graphing, Geometry and Statistics/ Probability.	Core	Math
CR Geometry	CR Geometry	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Geometry is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Geometry credit. Topics covered include: AKGrad is a comprehensive course that covers: Exploring Geometry: Points, Lines, and Angles in the Plane; Thinking Geometrically: Using Proofs; Parallel Lines and Transversals; Using Algebra: lines in the Coordinate Plane; Triangles and Quadrilaterals; Congruent Triangles and Transformations; Proportion and Similarity; The Pythagorean Theorem; Perimeter and Area; Circles and Spheres; Solid Geometric Figures and Their Measures; Geometry and Imagination.	Core	Math
CR Consumer Math	CR Consumer Math	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Consumer Math is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Consumer Math credit. Topics covered include: AKGrad is a comprehensive course that covers 12 topics of Consumer Math: Earning Money, Buying Food, Shopping for Clothes, Managing a Household, Buying and Maintaining a Car, Working with Food, Improving Your Home, Traveling, Budgeting Your Money, Banking and Investing, Paying Taxes, Preparing for Careers.	Core	Math

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR BIOL-041-S002	CR BIOL 041: Biology, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	After learning about the scientific method, students will study life at its most basic level, the cell. Students will then use the cell as a foundation for understanding how life evolves, including a detailed discussion of DNA, genetics, and evolution. Each lesson in this course includes an interview with a professional in a career related to biology. Two thousand years ago most people agreed that life, death, sickness, and health were the result of fickle gods. Today we know a little more about the principles behind life and seek to learn more through the study of biology. This is the first course in a two-part Biology series (BIOL 041 and BIOL 043).	Core	Science
CR BIOL-043-S002	CR BIOL 043: Biology, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will continue studying life, but with a progressively wider lens by discovering the variety of life that has evolved, determining how to categorize different living things, and comparing how these living things interact with their environment. This is the second course in a two-part Biology series (BIOL 041 and BIOL 043).	Core	Science
CR BIOL-049-S002	CR BIOL 049: Human Anatomy	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	The question, "How does the human body do what it does?" is answered in Human Anatomy through an in-depth study of systems in the human body, including the digestive, respiratory, immune, circulatory, and reproductive systems.	Core	Science
CR CHEM-041-S002	CR CHEM 041: Chemistry, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This is an introductory chemistry course that includes topics such as matter and energy, the atomic theory, electron clouds and probability, the periodic table, chemical bonding, chemical formulas, and balancing equations. This course has few mathematical computations and includes several virtual lab demonstrations. This is the first half of a two-part General Chemistry series (CHEM 041 and CHEM 043).	Core	Science
CR CHEM-043-S002	CR CHEM 043: Chemistry, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a continuation of introductory chemistry and includes topics such as moles, states of matter, behaviors of gases, solutions, reaction rates, chemical equilibria, solubility, acids and bases, oxidation-reduction reactions, electrochemistry, and nuclear chemistry. This course has few mathematical computations and includes several virtual lab demonstrations. This is the second half in a two-part General Chemistry series (CHEM 041 and CHEM 043).	Core	Science
CR EARTH-041-S002	CR EARTH 041: Earth Science, Part 1	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn about the science behind recent natural disasters involving hurricanes, earthquakes, and tsunamis. Students will also learn about the structure of our atmosphere and how it makes life on earth possible. This is the first course in a two-part Earth Science series (EARTH 041 and EARTH 043).	Core	Science
CR EARTH-043-S002	CR EARTH 043: Earth Science, Part 2	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of natural and manmade systems of the universe, including the solar, energy, atmospheric, and biological systems. This is the second course in a two-part Earth Science series (EARTH 041 and EARTH 043).	Core	Science
CR ENVRN-041-S002	CR ENVRN 041: Environmental Science	Credit Recovery	None Required	On Reading Level	Buzz	0.5	\$100	Students in Environmental Science will learn about the fundamentals of ecology: rocks, minerals, and soil; biomes; surface water and oceans; and earth and energy resources and human impact on these resources.	Core	Science
CR PHSCS-041-S002	CR PHSCS 041: Physics, Part 1	Credit Recovery	Scientific Calculator Materials from around your home for labs	On Reading Level	Buzz	0.5	\$100	This physics course is a mathematical treatment of motion and inertia, Newton's laws, momentum and energy, circular motion and gravitation, gravitational interactions and satellites, etc. This course includes instructions for lab activities that can be completed with commonly available equipment. This is the first course in a two-part Physics series (PHSCS 041 and PHSCS 043).	Core	Science
CR PHSCS-043-S002	CR PHSCS 043: Physics, Part 2	Credit Recovery	Scientific Calculator Materials from around your home for labs	On Reading Level	Buzz	0.5	\$100	This physics course is a mathematical treatment of change of state, thermodynamics, wave and sound, light and color, lenses, electric charges and fields, current and circuits, satellites, magnetism, nuclear reaction, etc. This course includes instructions for lab activities that can be completed with commonly available equipment. This is the second course in a two-part Physics series (PHSCS 041 and PHSCS 043).	Core	Science

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
CR PHYS-041-S002	CR PHYS 041: Physical Science	Credit Recovery	Calculator	On Reading Level	Buzz	0.5	\$100	In this introductory course, students will learn to apply basic concepts of physical science in exploring, experimenting with, and solving problems.	Core	Science
CR Biology	CR Biology	Credit Recovery	AGS Textbook, AK Grad Provided, AKGrad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Biology is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Biology credit. Topics covered include:1) Structure and Function, 2) Inheritance and Variation of Traits, 3) Matter and Energy in Organisms and Ecosystems, 4) Interdependent Relationships in Ecosystems, and 5) Natural Selection and Evolution. Assignments focus on learning the content, demonstrating comprehension, and using the information to answer a hands-on investigation question.	Core	Science
CR Eath Science	CR Eath Science	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Earth Science is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Earth Science credit. Topics covered include: Space Systems, History of Earth, Earth's Systems, Weather and Climate, and Human Sustainability. Assignments focus on learning the content, demonstrating comprehension, and using the information to answer a hands-on investigation question.	Core	Science
CR Physical Science	CR Physical Science	Credit Recovery	AGS Textbook, AK Grad Provided	Below Grade Reading Level	Canvas	1	\$200	This course is designed for students at a lower reading level or students who are At-Risk, or in danger of not graduating high school. AKGrad Physical Science is designed to meet the needs of online students who have had difficulties with traditional classroom or other correspondence classes that do not meet a student's needs and need to recover an Physical Science credit. Topics covered include: the Metric System; Properties of Matter; Structure of Matter; Classifying Elements; Compounds; How Matter Changes; Motion; Work and Machines; Heat: Sound and Light; Electricity; and Magnets and Electromagnetism. Assignments focus on learning the content, demonstrating comprehension, and using the information to answer a hands-on investigation question.	Core	Science

ART-061-S002	ART 061: Digital Photography	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is an introduction to digital photography and teaches students effective camera and editing software use, artistic design, processing and careers, with a brief history of photography.	Elective	Art
CLOTH-041-S002	CLOTH 041: Clothing Construction	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course introduces students to the basic principles and skills required to sew, including design concepts, selecting and preparing patterns, operating sewing equipment, and completing sewing projects. Students in this course will submit portfolio assignments to the instructor for a grade.	Elective	ART
CLOTH-047-S002	CLOTH 047: Clothing Fashion Fundamentals	Original	None Required	On Reading Level	Buzz	0.5	\$100	Clothing Fashion Fundamentals includes a history of fashion, surveys current fashion designers, and introduces students to careers in clothing and fashion design. Students who take this course will also learn how to apply the fundamentals of fashion to their own wardrobe.	Elective	Art
ART-045-S002	ART 045: Drawing	Original	None Required	On Reading Level	Buzz	0.5	\$100	This art course is an introduction to the fundamentals of drawing and focuses on the elements and principles of art, linear perspective, proportion, and composition.	Elective	Art
ART-051-S002	ART 051: Calligraphy	Original	None Required		Buzz	0.5	\$100	This course is an introduction to basic calligraphy skills; students will learn four letter styles: sans serif B-point, Celtic, Gothic, and italic.	Elective	Art
ENGN-041-S002	ENGN 041: Small Engine Repair	Original	Small Gas Engines: (2004, Goodheart-Willcox Company) by Alfred C. Roth and a Small Gas Engine	On Reading Level	Buzz	0.5	\$100	Small Engine Repair covers the fundamentals of small engine repair and servicing. After learning what makes two-cycle and four-cycle engines work, students in this course will get a hands-on, guided experience disassembling a small engine.	Elective	Auto
AUTO-043-S002	AUTO 043: Automotive Basics	Original	None Required	On Reading Level	Buzz	0.5	\$100	This automotive course teaches students to perform basic auto maintenance and repair tasks on their own, such as fixing flat tires, changing oil, and maintaining a vehicle. A practical approach for saving money and time, this course also gives students the confidence to discuss complex auto problems with a mechanic.	Elective	Auto
CS-043-T001	CS 043: Computer Science 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is the continuation of CS041 and builds upon the concepts and skills students acquired in the first course. The main focus in this course is programming for the internet. Most modern web applications are built on three interacting building blocks: (1) Client programs that run locally in the user's web browser, (2) server programs that run on machines in data centers, and (3) databases for information storage. In this course students will learn how to write client and server code, and become familiar with database usage to build simple web applications. It is not the goal of this course to teach how to build graphically attractive web programs but rather to teach the mechanics underpinning modern web applications.	Core	Computer Science
INFOP-041-S003	INFOP 041: Keyboarding	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course will guide students through attaining proficiency in touch typing and word processor formatting skills. In an increasingly digital world, the ability to quickly and accurately type and create well formatted documents will prove to be invaluable and advantageous in completing school work, communicating professionally, and pursuing personal education and career goals.	Core	Computer Science
CS-041-T001	CS 041: Computer Science 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is an introductory semester course in computer programming/software engineering and applications. The course introduces students to the fundamentals of computer programming. Students will learn to design, code, and test their own programs. The course will introduce basic programming concepts to beginning students through the Python programming language, preparing them for the second semester where they will learn object-oriented programming skills in an Internet environment.	Core	Computer Science
CTECH-041-S002	CTECH 041: Computer Technology	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course provides an introduction to computer application software. Students will learn to create documents, spreadsheets, and presentations using Microsoft Office 2013. The basics of operating systems and the use of email are also covered.	Core	Computer Science

A portfolio folder is required. 1. What Exactly Is News? 2. Who Is in the News? 3. Where Do I Start? 4. When It All Flows Together 5. How the Stories are Different 6. Why Do I Have to Paste Up the Dummy? 7. Broadcast Journalism 8. Where Do We Go from Here?	Core	English
ENGL-051-T001	ENGL 051: Eleventh-Grade English, Part 1	Original	The Crucible, Arthur Miller, ISBN 9780140481389 To Kill a Mockingbird, Harper Lee (Any version will be fine.)	On Reading Level	Buzz	0.5	\$100	This is a rigorous eleventh-grade English course in which students will study American literature. They will be studying selections from <i>The Crucible</i>, reading the novel <i>To Kill a Mockingbird</i>, writing a research book report, and completing writing assignments that contrast historical and fictitious events described in literature. Students will also be studying Latin and Greek terms, developing their vocabulary, and enhancing their writing skills. This is the first course in a two-part Eleventh-Grade English series (ENGL 051 and ENGL 053). This course also encompasses Common Core content.	Core	English
ENGL-033-S003	ENGL 033: Seventh-Grade English, Part 2	Original	The Giver by Lois Lowry	On Reading Level	Buzz	0.5	\$100	Students will learn to identify themes in literature, analyze techniques in poetry, recite a poem using effective presentation skills, compare selected genres in literature, read and interpret Shakespearean sonnets and excerpts from a play, compose a well-supported research paper, apply reading and writing strategies to a novel, and expand and enrich their vocabulary by applying word-mastery strategies. This is the second course in a two-part Seventh-Grade English series (ENGL 031 and ENGL 033).	Core	English
READ-051-S002	READ 051: Reading around the World	Original	None Required	On Reading Level	Buzz	0.5	\$100	This reading course takes students on a literary journey around the world by reading the adventures of Harry Potter, Gandhi's words of wisdom, Chilean folk tales, and much more while learning about important pre-, during-, and after-reading techniques.	Core	English
ENGL-047-T001	ENGL 047: Tenth-Grade English, Part 2	Original	Shaara, Michael. The Killer Angels. Modern Library. 2004. (ISBN # 0679643249). Shakespeare, William. The Merchant of Venice. Dover Publications. 1995. (Dover/Thrift Editions/ISBN # 0486284921	On Reading Level	Buzz	0.5	\$100	This course offers a myriad of reading and writing activities that are designed to strengthen students' background knowledge in the genres of poetry, short story, myth, nonfiction, and novel. This is the second course in a two-part, Tenth-Grade English series (ENGL 045 and ENGL 047). This course also encompasses Common Core content.	Core	English
ENGL-037-S003	ENGL 037: Eighth-Grade English, Part 2	Original	Stargirl by Jerry Spinelli	On Reading Level	Buzz	0.5	\$100	This course will enhance students'—É vocabulary, writing strategies, argumentative and persuasive techniques in writing and speaking, and ability to analyze literature and media. Students will also be able to identify the elements of the research process and incorporate them into their own research papers. This is the second course in a two-part Eighth-Grade English series (ENGL 035 and ENGL 037).	Core	English
ENGL-035-S003	ENGL 035: Eighth-Grade English, Part 1	Original	The Dark Is Rising by Susan Cooper	On Reading Level	Buzz	0.5	\$100	In a world of words, students will learn how to put words together naturally, express themselves confidently, and explore the world of reading and writing through study and practice. Fifteen hours of reading of nonfiction texts will be required in addition to the course novel. This is the first course in a two-part Eighth-Grade English series (ENGL 035 and ENGL 037).	Core	English
ENGL-031-S003	ENGL 031: Seventh-Grade English, Part 1	Original	Freak the Mighty by Rodman Philbrick	On Reading Level	Buzz	0.5	\$100	Students will learn to identify themes in literature, analyze techniques in poetry, recite a poem using effective presentation skills, compare selected genres in literature, read and interpret Shakespearean sonnets and excerpts from a play, compose a well-supported research paper, apply reading and writing strategies to a novel, and expand and enrich their vocabulary by applying word-mastery strategies. This is the first course in a two-part Seventh-Grade English series (ENGL 031 and ENGL 033).	Elective	English

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
SPAN-041-T002	SPAN 041: First-Year Spanish, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This introductory Spanish course focuses on the Latin culture and the Latin world in general as well as the culture of Spain and is structured to help students begin conversing almost immediately in Spanish. Students will practice pronunciation, patterns, basic grammar, reading, and writing about familiar topics. Conversation practice and weekly Today's Specials (grammar, culture and vocabulary lessons) happen in the Conversation Café where students will interact with other students and course TAs. This Spanish course includes many interactive activities and live one-on-one speaking appointments. This is the first course in a six-part Spanish series (SPAN 041, SPAN 043, SPAN 051, SPAN 053, SPAN 061, and SPAN 063).	Core	Foreign Language
SPAN-043-T002	SPAN 043: First-Year Spanish, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This Spanish course is a continuation of First-Year Spanish, Part 1 and introduces the Spanish language and culture (focusing on Peru, Bolivia, and Paraguay). It is structured to help students practice speaking using the vocabulary, grammar, and cultural information that they learn. Conversation practice and weekly cafes (grammar, culture and vocabulary lessons) happen in the Conversation Cafe where students will interact with other students and course TAs. This Spanish course includes many interactive activities and live one-on-one speaking appointments. This is the second course in a six-part Spanish series (SPAN 041, SPAN 043, SPAN 051, SPAN 053, SPAN 061, and SPAN 063).	Core	Foreign Language
HLTH-031-S002	HLTH 031: Health Education	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course educates students about healthy choices and teaches them how to put those choices into practice in their daily lives.	Core	Health
HLTH-041-S004	HLTH 041: Health Education, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course covers developing a healthy self, substance-abuse prevention, human development, relationships, disease prevention, HIV/AIDS education, CPR and safety, consumer health, injury/violence prevention, nutrition, fitness, and community health.	Core	Health
HLTH-042-S002	HLTH 042: Health Education, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course covers developing healthy sun exposure habits, acquiring knowledge and skills to practice healthy habits that prevent and/or control disease, learning positive tactics to avoid drug use, and learning healthy eating strategies. This is the second course in a two-part Health Education series (HLTH 041 and HLTH 042) for students needing a full year of health education credit.	Core	Health
HLTH-045-S002	HLTH 045: Drug Use and Abuse	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course helps students understand why people use drugs, how they use them, and what types of drugs are commonly abused. Because drugs can affect all of us, Drug Use and Abuse raises awareness about drug use and abuse.	Core	Health
OCCUP-041-S002	OCCUP 041: Preparing for Health Occupations	Original	None Required	On Reading Level	Buzz	0.5	\$100	This health occupations course gives an overview of the different areas associated with health sciences and health technology. It covers health-care systems and trends, careers, ethics, terminology and basic anatomy, diversity, nutrition, job-seeking skills, and resume writing. This course is a preparatory class for students who are interested in a profession as a health-care worker. In addition, it is good preparation for anyone interested in working in the medical field, public health, safety, etc.	Core	Health
FOODS-041-S003	FOODS 041: Food and Nutrition, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this hands-on food and nutrition course, students will use a variety of sources and activities to discover how food affects the way their body works, including cooking meals, researching individual nutrition needs, tracking eating habits, and planning meals based on scientific guidelines. Students will also learn about different careers related to food and nutrition through interviews with various professionals in the field. This is the first course in a two-part Food and Nutrition series (FOODS 041 and FOODS 043).	Elective	Health
FOODS-043-S003	FOODS 043: Food and Nutrition, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this food and nutrition course, students will use a variety of sources and activities to discover how food affects the way their body works, including cooking meals, researching individual nutrition needs, tracking eating habits, and planning meals based on scientific guidelines. In this hands-on course, students will also learn about different careers related to food and nutrition through interviews with various professionals in the field. This is the second course in a two-part Food and Nutrition series (FOODS 041 and FOODS 043).	Elective	Health

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
ALG-051-S003	ALG 051: Algebra 1, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of the properties of sets of real numbers, linear equations, linear functions and inequalities; contains lessons that teach students how to solve problems using algebra, geometry, radical expressions, and equations; and covers graphing, algebraic equations, and systems of equations and inequalities. This is the first course in a two-part Algebra 1 series (ALG 051 and ALG 053).	Core	Math
ALG-053-S003	ALG 053: Algebra 1, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of linear relations and functions, systems of equations and inequalities, exponents and powers, rational functions, quadratic functions, polynomial functions other than quadratics, and sequences and series. This is the second course in a two-part Algebra 1 series (ALG 051 and ALG 053).	Core	Math
BMATH-041-S002	BMATH 041: Business and Consumer Math, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn practical applications of mathematical skills such as buying a car, home, and insurance; budgeting; bank services; and savings and investing. This is the first course in a two-part Business and Consumer Math series (BMATH 041 and BMATH 043).	Core	Math
BMATH-043-S002	BMATH 043: Business and Consumer Math, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course includes taxes, math in the workplace, statistics, probability, measurement, manufacturing, insurance, and supplying services. This is the second course in a two-part Business and Consumer Math series (BMATH 041 and BMATH 043).	Core	Math
GEOM-041-S003	GEOM 041: Plane Geometry, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of segments and angles, mathematical reasoning, parallel lines, triangles, polygons, quadrilaterals, and similarity. This is the first course in a two-part Geometry series (GEOM 041 and GEOM 043). This course also encompasses Common Core content.	Core	Math
GEOM-043-S003	GEOM 043: Geometry, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of perimeter and area, right triangle trigonometry, properties of circles, calculations for circles, coordinate geometry, geometric solids, and probability and statistics. This is the second course in a two-part Geometry series (GEOM 041 and GEOM 043). This course also encompasses Common Core content.	Core	Math
MATH-031-S003	MATH 031: Seventh-Grade Mathematics, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	Students will learn to represent data with different graphs and plots, find measures of central tendency, produce probabilities, and use estimation and problem-solving skills; this course also covers basic geometric concepts such as solving problems with line segments and types of polygons, performing operations with decimals, finding factors and multiples of numbers, and finding areas and perimeters of different polygons. This is the first course in a two-part Seventh-Grade Mathematics series (MATH 031 and MATH 033).	Core	Math
MATH-033-S003	MATH 033: Seventh-Grade Mathematics, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	Students will learn about performing operations with fractions and working with ratios, proportions, and percents; this course also includes finding different types of probabilities, performing operations with integers, and using algebraic properties and the order of operations to simplify expressions as well as solving one-step equations. This is the second course in a two-part seventh-grade mathematics series (MATH 031 and MATH 033).	Core	Math
MATH-035-S002	MATH 035: Eighth-Grade Mathematics, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	Eighth-grade math continues the coverage of basic math concepts that began with the seventh-grade math courses. Students will learn equation concepts, linear equations, systems of equations, functions, exponents, and the number system. Students will also explore real-world applications of different methods. This is the first course in a two-part Eighth-Grade Mathematics series (MATH 035 and MATH 037). This course also encompasses Common Core content.	Core	Math
MATH-037-S001	MATH 037: Eighth-Grade Mathematics, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	Eighth-grade math continues the coverage of basic math concepts that began with the seventh-grade math courses. MATH 037 covers the second half of the eighth-grade content. We will study topics such as analyzing triangles and the distance between points, finding the measure of angles formed by a transversal and polygons, using different transformations to move figures on a coordinate plane, determining if figures are similar or congruent using transformations, finding the volume and missing measures of various shapes (cylinders, cones, hemispheres, spheres, and composite figures), and interpreting two-way tables and scatter plots with trend lines.	Core	Math

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
MATH-047-200	MATH 047: Applied Math, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course includes learning to use mathematics to solve problems on the job; learning to use a calculator; estimating; measuring; using graphs, charts, and tables; and working with data, lines, and angles. This course features a math lab, where extra practice and instruction are given in an interactive lab setting. This is the first course in a two-part Applied Math series (MATH 047 and MATH 049).	Core	Math
MATH-049-200	MATH 049: Applied Math, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	Continuing from the concepts learned in Applied Math, Part 1 (MATH 047), this course covers mathematics applied to the real world; it includes two- and three-dimensional shapes, ratios and proportions, scale drawings, signed numbers and vectors, as well as scientific notations, powers, and roots. This course features a math lab, where extra practice and instruction are given in an interactive lab setting. This is the second course in a two-part Applied Math series (MATH 047 and MATH 049).	Core	Math
ALG-041-S002	ALG 041: Pre-Algebra, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn how to work with fundamental mathematical functions with integers, fractions, and decimals; use the order of operations to evaluate variable expressions; solve variable equations using transformations; translate word sentences into mathematical equations; and solve world problems. This is the first course in a two-part Pre-Algebra series (ALG 041 and ALG 043).	Core	Math
ALG-043-S002	ALG 043: Pre-Algebra, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course includes using ratios, rates, and proportions to solve problems; changing fractions, percents, and decimals; and solving problems involving percentages such as discounts, markups, commissions, profit, simple and compound interest, etc. This is the second course in a two-part Pre-Algebra series (ALG 041 and ALG 043).	Core	Math
ALG-055-S003	ALG 055: Algebra 2, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of equations and inequalities, linear relations and functions, systems of equations and inequalities, matrices, polynomials, radical expressions, and quadratic equations. This is the first course in a two-part Algebra 2 series (ALG 055 and ALG 057). This course also encompasses the Common Core content.	Core	Math
ALG-057-S003	ALG 057: Algebra 2, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of conics, polynomial functions, rational functions, rational polynomial expressions, exponential and logarithmic functions, sequences and series, probability and statistics, and trigonometric functions. This is the second course in a two-part Algebra 2 series (ALG 055 and ALG 057). This course also encompasses Common Core content.	Core	Math
GUIR-041-S002	GUIR 041: Beginning Guitar	Original	None Required	On Reading Level	Buzz	0.5	\$100	This beginning guitar course gives students the broad foundation they will need to excel in various styles of guitar music: folk, classical, and even modern rock. Students will learn to read tablature, lead sheets, and traditional notation; they will master common chords, notes, strumming, and fingerpicking patterns. The information is presented with the modern teenager in mind and takes a fun, step-by-step approach.	Elective	Music
PIANO-041-S002	PIANO 041: Beginning Piano	Original	None Required	On Reading Level	Buzz	0.5	\$100	Gain a solid foundation in basic two-hand piano skills. Learn music theory, including how to read notes, rhythms, and musical symbols on a staff. After finishing this course, students should be able to teach themselves to play the beginning music they find at the music store.	Elective	Music
BOWL-041-S002	BOWL 041: Bowling	Original	None Required	On Reading Level	Buzz	0.5	\$100	At the conclusion of this course, students should attain an advanced-beginner skill level by learning the correct approach, delivery, and scoring techniques in bowling. This is a fun but demanding course that will require you to follow directions carefully for all your lessons. Access to a bowling alley and appropriate equipment is required. Students must submit scorecards from 15 games to receive credit.	Elective	PE

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
FIT-041-S003	FIT-041: Fitness For Living Well	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is designed to lay a foundation to help students live a healthy lifestyle. Selected scientifically based wellness principles will enable students to choose positive attitudes toward their whole selves and others, to live a physically active lifestyle, to eat wisely, to realize the importance of getting adequate rest, and to follow safety precautions for injury prevention. This course requires students to sustain efforts to improve their fitness and overall health over a period of several weeks.	Elective	PE
FIT-049-S002	FIT 049: Fitness for Sports and Recreation	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is an overall fitness training and nutrition course designed for students who are involved in either competitive or recreational sports such as football, soccer, swimming, cheerleading, track, snowboarding, rock climbing, etc. This fitness course is designed to help students achieve their maximum fitness level and increase strength and stamina to achieve peak competitive condition. Students will participate in several physical activities designed to increase fitness. Students must engage in a 13-week fitness program to receive credit.	Elective	PE
GOLF-041-S002	GOLF 041: Golf	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course includes instruction for proper golf grip, stance, backswing, downswing, follow-through, short game, putting, problem shots, proper club for fairway distance, rough, greens, sand traps, etc. It also teaches golf terminology, rules, and etiquette and requires 45 holes of golf over three to four months. Students must submit scorecards from five games to receive credit.	Elective	PE
JOG-041-S004	JOG 041: Jogging	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course guides students to becoming physically fit through jogging and helps them set up a long-term program to maintain fitness. Students must engage in a fitness program for a minimum of six weeks to receive credit, jogging a minimum of 60 miles over at least 45 days to receive a passing grade.	Elective	PE
WALK-041-S003	WALK 041: Walking Fitness	Original	None Required	On Reading Level	Buzz	0.5	\$100	This walking course guides students to become physically fit while simultaneously helping them set up a long-term fitness program. Students must engage in a walking fitness program for a minimum of 45 days to receive credit. Walking is the base element for many other activities and is an excellent foundation for expanded conditioning programs.	Elective	PE
WTRNG-041-S002	WTRNG 041: Weight Training	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students learn the benefits of muscular fitness, proper weight training techniques, and how to set up their own personal weight-training program. Students must engage in a fitness program for a minimum of 12 weeks to receive credit. Before beginning any exercise program, consult with your doctor. Participants and their legal guardians assume all responsibility and risk associated with any participation in any exercise program or related activities. 1. Muscle Strength and Endurance 2. Muscle Structure and Functions 3. Weight Training Guidelines 4. Common Lessons in Weight Training 5. Exercise Log 6. Cumulative Review	Elective	PE
CHILD-041-S002	CHILD 041: Child Development, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	Child Development, Part 1 is an introductory course in child development that begins with theories of child development, then proceeds to trace development from pregnancy to infancy. Children do not come with a manual, but this course will help anyone who plans to be a parent or care for a child. This course also includes a discussion of heredity and parenting skills. This is the first course in a two-part Child Development series (CHILD 041 and CHILD 043).	Elective	Psychology
CHILD-043-S002	CHILD 043: Child Development, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this second part of the series, students will learn how children develop from birth to adolescence, including parenting methods; childhood illnesses; children with different physical, emotional, and intellectual abilities; and child abuse. Children do not come with a manual, but this course will help anyone who plans to be a parent or care for a child. This is the second course in a two-part Child Development series (CHILD 041 and CHILD 043).	Elective	Psychology
CHILD-051-S002	CHILD 051: Preparing for Responsible Parenthood	Original	None Required	On Reading Level	Buzz	0.5	\$100	Preparing for Responsible Parenthood takes students through the basic roles of parenting, including practical knowledge for discipline; teaching values; communicating with children; and creating a nurturing, stress-free home environment.	Elective	Psychology

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
SOCSC-051-S002	SOCSC 051: Sociology	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of the way groups act and think as a result of socialization. It also focuses on students' roles in society and how they can personally make a difference.	Elective	Psychology
GSCI-035-S003	GSCI 035: Eighth-Grade Science, Part 1	Original	Calculator	On Reading Level	Buzz	0.5	\$100	In this introduction to integrated physics and chemistry, students will begin their study of the natural world by looking at its smallest parts, atoms; the course will then focus on how objects interact, including discussions of energy, motion, and force. Students will apply the concepts of force, motion, and work in a hands-on, simple-machines lesson. This is the first course in a two-part Eighth-Grade Science series (GSCI 035 and GSCI 037).	Core	Science
GSCI-037-S003	GSCI 037: Eighth-Grade Science, Part 2	Original	Calculator	On Reading Level	Buzz	0.5	\$100	Students will look at the systems that shape the earth, including plate tectonics, the rock cycle, erosion, and the atmosphere. This is the second course in a two-part Eighth-Grade Science series (GSCI 035 and GSCI 037).	Core	Science
PHYS-041-S002	PHYS 041: Physical Science	Original	Calculator	On Reading Level	Buzz	0.5	\$100	In this introductory course, students will learn to apply basic concepts of physical science in exploring, experimenting with, and solving problems.	Core	Science
EARTH-043-S002	EARTH 043: Earth Science, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a study of natural and manmade systems of the universe, including the solar, energy, atmospheric, and biological systems. This is the second course in a two-part Earth Science series (EARTH 041 and EARTH 043).	Core	Science
EARTH-055-S002	EARTH 055: Meteorology	Original	None Required	On Reading Level	Buzz	0.5	\$100	In Meteorology, students will learn how severe weather conditions like hurricanes, tornadoes, and thunderstorms develop. In this nonmathematical look at meteorology, students will also learn why the earth has seasons and how water in the atmosphere affects weather.	Core	Science
ENVRN-041-S002	ENVRN 041: Environmental Science	Original	None Required	On Reading Level	Buzz	0.5	\$100	Students in Environmental Science will learn about the fundamentals of ecology: rocks, minerals, and soil; biomes; surface water and oceans; and earth and energy resources and human impact on these resources.	Core	Science
GSCI-031-S003	GSCI 031: Seventh-Grade Science, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This introductory integrated science course focuses on matter and its organization, cells and the basic building blocks of life, and the basic structure and function of living things. This is the first course in a two-part Seventh-Grade Science series (GSCI 031 and GSCI 033); however, either course may be taken independently of the other.	Core	Science
PHSCS-041-S002	PHSCS 041: Physics, Part 1	Original	Scientific Calculator Materials from around your home for labs	On Reading Level	Buzz	0.5	\$100	This physics course is a mathematical treatment of motion and inertia, Newton's laws, momentum and energy, circular motion and gravitation, gravitational interactions and satellites, etc. This course includes instructions for lab activities that can be completed with commonly available equipment. This is the first course in a two-part Physics series (PHSCS 041 and PHSCS 043).	Core	Science
PHSCS-043-S002	PHSCS 043: Physics, Part 2	Original	Scientific Calculator Materials from around your home for labs	On Reading Level	Buzz	0.5	\$100	This physics course is a mathematical treatment of change of state, thermodynamics, wave and sound, light and color, lenses, electric charges and fields, current and circuits, satellites, magnetism, nuclear reaction, etc. This course includes instructions for lab activities that can be completed with commonly available equipment. This is the second course in a two-part Physics series (PHSCS 041 and PHSCS 043).	Core	Science
BIOL-041-S002	BIOL 041: Biology, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	After learning about the scientific method, students will study life at its most basic level, the cell. Students will then use the cell as a foundation for understanding how life evolves, including a detailed discussion of DNA, genetics, and evolution. Each lesson in this course includes an interview with a professional in a career related to biology. Two thousand years ago most people agreed that life, death, sickness, and health were the result of fickle gods. Today we know a little more about the principles behind life and seek to learn more through the study of biology. This is the first course in a two-part Biology series (BIOL 041 and BIOL 043).	Core	Science

Course Short Name	Course Title	Original Credit or Credit Recovery	Textbook or No Textbook	Reading Level/ SE Rated	LMS Platform	Credits	Cost	Course Description	Core or Elective	Content Area
BIOL-043-S002	BIOL 043: Biology, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will continue studying life, but with a progressively wider lens by discovering the variety of life that has evolved, determining how to categorize different living things, and comparing how these living things interact with their environment. This is the second course in a two-part Biology series (BIOL 041 and BIOL 043).	Core	Science
BIOL-049-S002	BIOL 049: Human Anatomy	Original	None Required	On Reading Level	Buzz	0.5	\$100	The question, "How does the human body do what it does?" is answered in Human Anatomy through an in-depth study of systems in the human body, including the digestive, respiratory, immune, circulatory, and reproductive systems.	Core	Science
CHEM-041-S002	CHEM 041: Chemistry, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is an introductory chemistry course that includes topics such as matter and energy, the atomic theory, electron clouds and probability, the periodic table, chemical bonding, chemical formulas, and balancing equations. This course has few mathematical computations and includes several virtual lab demonstrations. This is the first half of a two-part General Chemistry series (CHEM 041 and CHEM 043).	Core	Science
CHEM-043-S002	CHEM 043: Chemistry, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is a continuation of introductory chemistry and includes topics such as moles, states of matter, behaviors of gases, solutions, reaction rates, chemical equilibriums, solubility, acids and bases, oxidation-reduction reactions, electrochemistry, and nuclear chemistry. This course has few mathematical computations and includes several virtual lab demonstrations. This is the second half in a two-part General Chemistry series (CHEM 041 and CHEM 043).	Core	Science
EARTH-041-S002	EARTH 041: Earth Science, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this course, students will learn about the science behind recent natural disasters involving hurricanes, earthquakes, and tsunamis. Students will also learn about the structure of our atmosphere and how it makes life on earth possible. This is the first course in a two-part Earth Science series (EARTH 041 and EARTH 043).	Core	Science
EARTH-051-S002	EARTH 051: Astronomy	Original	None Required	On Reading Level	Buzz	0.5	\$100	In this non-mathematical look at astronomy, students will learn what people have traditionally thought about space and how scientists currently study it.	Core	Science
SELFG-055-S002	SELFG 055: Study Skills	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is designed to help students master themselves and their ability to study, learn, and retain information in a manner that most aptly fits their learning style. Students will discover their learning style, learn how to use time effectively, learn listening skills, and learn tips for taking better notes.	Elective	Self
GEOG-041-S002	GEOG 041: World Geography	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course explores each of the elements of the 18 National Geography Standards, which are outlined by the National Council for Geographic Education. While examining the physical and human forces that shape our world, students will use geography tools, including maps and graphs, to analyze and consider the ways resources are used, and investigate advancements in technology that affect the way we live.	Core	Social Studies
GOVT-045-T002	GOVT 045: United States Government and Citizenship	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course fulfills the California state standards for Principles of American Democracy by covering the fundamentals of government and citizenship and focusing on the major ideas, protections, privileges, structures, and economic systems that affect the life of a citizen in the United States political system.	Core	Social Studies
HIST-041-200	HIST 041: United States History to 1850	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course is the fascinating story of people, events, and ideas that shaped the early United States and why these concepts matter now. This is the first course in a two-part United States History series (HIST 041 and HIST 043).	Core	Social Studies
HIST-043-200	HIST 043: United States History from 1851	Original	None Required	On Reading Level	Buzz	0.5	\$100	This survey course emphasizes the growth and development of the United States from 1851 to the present. During the course, students will make personal connections with specific events and individuals in US history while developing an understanding of democratic values. Each lesson includes an instructor-graded portfolio activity, which should be submitted together as a whole before requesting the final. This is the second course in a two-part United States History series (HIST 041 and HIST 043).	Core	Social Studies

HIST-062-S001	HIST 062: World History: Eastern Hemisphere	Original	None Required	On Reading Level	Buzz	0.5	\$100	Students will explore the major historical events, personalities, and cultures of three groups in the Eastern Hemisphere: Africa, the Middle East, and Asia. Each region will be addressed within the framework of early history, more recent history, and present-day circumstances. This is the first course in a two-part World History series (HIST 062 and HIST 064); however, each course may be taken independently.	Core	Social Studies
HIST-064-S001	HIST 064: World History: Western Hemisphere	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course takes a closer look at the history of the Americas, particularly Latin America. The discussion begins with pre-European America, the conquest of the Aztec and Incan empires, the colonization of Latin America by Spain, and the Latin American independence movement, and concludes with an examination of the issues facing Latin America today. Included in the discussion are the influences the American Revolutionary War, the French Revolution, and the Industrial Revolution had on Latin America. Finally, the course examines World War I and World War II. This is the second course in a three-part World History series (HIST 062, HIST 064, and HIST 065); however, any of these courses may be taken independently of the others.	Core	Social Studies
SOCST-033-S002	SOCST 033: Survey Of World History, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course will compare historical and cultural events in Europe with the same type of events in the Americas (North, Central, and South) during the same time period; highlights include in-depth discussions on medieval Europe, the Renaissance, the Aztecs, the Incas, and the colonial efforts in North America. This is the first course in a two-part World History series for grades seven and eight (SOCST 033 and SOCST 034); however, either course may be taken independently of the other.	Core	Social Studies
SOCST-034-S002	SOCST 034: Survey Of World History, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This course will compare historical and cultural events in Europe with the same types of events in the Americas during the same time period; highlights include in-depth discussions on the Constitution of the United States of America, the Revolutionary War, the French Revolution, and an examination of the Thirteen Colonies. This is the second course in a two-part World History series for grades seven and eight (SOCST 033 and SOCST 034); however, either course may be taken independently of the other.	Core	Social Studies
SOCST-035-S002	SOCST 035: United States History, Part 1	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is a survey course emphasizing 18th-century and 19th-century historical events from the age of exploration through the American Revolution; topics will include historical events such as the colonization of America and the Revolutionary War. This is the first course in a four-part United States History series for grades seven and eight (SOCST 035, SOCST 036, SOCST 037, and SOCST 038); however, any of these courses may be taken independently of the others.	Core	Social Studies
SOCST-036-S002	SOCST 036: United States History, Part 2	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is a survey course of United States history covering the Constitutional Convention to the Civil War and Reconstruction. This is the second course in a four-part United States History series for grades seven and eight (SOCST 035, SOCST 036, SOCST 037, and SOCST 038); however, any of these courses may be taken independently of the others.	Core	Social Studies
SOCST-037-S002	SOCST 037: United States History, Part 3	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is a survey course of United States history from the Wild West to the Roaring Twenties; it covers the history of immigration, politics and the rise of big business, the Progressive Era, and World War I. This is the third course in a four-part United States History series for grades seven and eight (SOCST 035, SOCST 036, SOCST 037, and SOCST 038); however, any of these courses may be taken independently of the others.	Core	Social Studies
SOCST-038-S002	SOCST 038: United States History, Part 4	Original	None Required	On Reading Level	Buzz	0.5	\$100	This is a survey course of United States history from the Great Depression through recent American history. This is the fourth course in a four-part United States History series for grades seven and eight (SOCST 035, SOCST 036, SOCST 037, and SOCST 038); however, any of these courses may be taken independently of the others.	Core	Social Studies

How can the book be used? The vocabulary is arranged by topic. Choose the topics that interest you. The pages do not have to be completed in any particular order, and there is no need to complete all the pages if some are on topics which are not useful to you. When the cashier 3 _ a credit or debit card through the card reader of an EFTPOS terminal, the terminal is connected by telephone to a company which takes credit-authentication requests from retailers and provides them with payment 4 _ . When one of these companies receives a request, it checks for retailer identification, valid card number and card 5 _ date. While the credit decision is relatively straightforward in principle (a lender must decide whether to give credit or refuse credit to a potential client), in practice it involves experience, judgement and a range of analytic and evaluative techniques that are designed to determine the likelihood that money will be repaid or, equally, that the money will be lost by the credit. Credit risk can be defined as "the potential that a contractual party will fail to meet its obligations in accordance with the agreed terms". Credit risk is also various-ly referred to as default risk, performance risk or counterparty risk. These all fundamentally refer to the same thing: the impact of credit effects on a firm's transactions. There are three characteristics that define credit risk Students can find required textbooks or other course materials, compare prices at major retailers, and order online. Faculty can learn more about how to input their textbook adoptions and reduce the cost of textbooks. You can purchase course materials from any retailer. BGSU does not process credit card transactions, issue refunds, or assist with returns. Shipping and Package Pick Up. Log in to MyBGSU to register textbooks and course materials.
