Reviews

Extensive manual for book fanatics. I am quite late in start reading this one, but better then never. You will like just how the writer compose this book.
-- **Jon Graham**

If you need to adding benefit, a must buy book. It can be writter in simple words rather than difficult to understand. I am just happy to explain how here is the very best book we have read in my individual lifestyle and could be he greatest ebook for ever.
-- **Mrs. Birdie Roob IV**

"An I was there book.". "First published in the United States by Hyperion Books for Children"--T.p. verso. "A Hyperion/Madison Press book.". This book covers the six days surrounding the 1912 sinking of the Titanic, as seen through the eyes of two survivors: 17-year-old Jack Thayer, a passenger, and Harold Bride, the 22-year-old assistant wireless operator. Tanaka attributes fictionalized words and feelings to these actual historical figures. Stunning, full-color illustrations, detailed diagrams of the ship's interior, and rare photographs convey a wealth of In typesetting, when you nest italics, you're supposed to come back out of italics to roman. For example, the word "Titanic" below is in nested italics: *Tanaka, Shelly. On Board the Titanic: What It Was Like When the Great Liner Sank. New York, NY: Hyperion/ Madison Press, 1998.* As a workaround, you can usually write `\textrm` to temporarily return to non-italics in those cases, but of course this is only valid if you know the exact number of nested italic levels, which may not always be the case, especially inside a macro.
