Tomlinson's Cyclopaedia of Useful Arts â€” Tomlinsonâ€™s Cyclopaedia of Useful Arts is a multi volume encyclopedia focusing on manufacturing, mining, and engineering. Useful art, or useful arts or technics, is concerned with the skills and methods of practical subjects such as manufacture and craftsmanship. The phrase has now gone out of fashion, but it was used during the Victorian era and earlier as an antonym to the performing art and the fine art.[1].Â "To promote the Progress of Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries
