Kim Noble is a painter with dissociative identity disorder " and she uses art to understand her multiple personalities." Kim Noble is an artist with a difference " over 100 of them, in fact. After suffering childhood abuse, Kim's mind split into over a hundred distinct personalities to cope with the trauma. Over a dozen personalities are painters, including Judy the bulimic teenager, a gay man named Ken, and Documentary Film is a broad category of visual expression that is based on the attempt, in one fashion or another, to document reality. Knowledge comes in different ways through our five senses. Hearing, watching, touching, smelling and tasting are the only doorways to the outer world. The wise men say that if something is not truly experienced with all our five senses, the experience will be partial, not total." Overall at Top Documentary Films you can find thousands of stunning, eye-opening and interesting documentaries. Choose one that suits your interest through navigation system of TDF, watch it, and tell us how it was through comments.
